PREMIER COMICS BOOKS & MAGAZINES TRADING CARDS APPAREL MERCHANDISE GAMES VIDEOS

What is *PREVIEWS*?

PREVIEWS is part magazine, part catalog—a "mag-alog" of all comics and pop-culture merchandise found at your local comic shop.

We've broken down the product listings by easy-to-understand sections: Comics & Graphic Novels; Books; Trading Cards; Toys, Statues & Models, and more.

Each month, you'll find detailed listings for almost every comic book and pop-culture product that will be available in comic shops in 2 months. So, if you're looking at the April issue of ***PREVIEWS***, most items will be in comic shops sometime in June.

How do I order from *PREVIEWS*?

Ordering from ***PREVIEWS*** is is easy! There are **3** simple ways to order:

1. **Use the Short Order Form.**
   Fill in with the items you'd like to order from this issue.
2. **Ask for the companion Customer Order Form.**
   We offer a companion order form that features a complete listing of every product offered in that month's issue of ***PREVIEWS***. Fill out what you want to order and hand in to your comic ship by the due date on the cover!
3. **Ask your retailer about their "Pull & Hold" service.**
   Many retailers offer a "pull & hold" or subscription service where you can order your monthly comics and merchandise easily. They'll hold your orders for you and you can pick up your items when it's convenient for you! Be sure to ask your retailer to give you a copy or ***PREVIEWS***, Marvel ***PREVIEWS***, and the ***PREVIEWS*** Customer Order Form each month so you can place your orders easily!

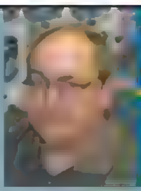
YOU KNOW… FOR KIDS!



EDITOR'S note

It's just a little over a week since Free Comic Book Day 2013 as I write this, and by all accounts, it was our biggest and best yet. Reports from around the country (and the world) spoke of lines of folks waiting hours before some shops opened, and kids — a lot of kids — in attendance. And kids in a comic shop are a good thing on many levels. First and foremost, they're the "new guard" of potential readers and collectors. The average age of most comic readers is between 35 and 44, and we're not getting any younger. That's where these kids come in. They're the next generation of collector who will fall in and out of the hobby over the years to come, watching and following the trends, making superstars of future writers and artists with their purchases, and bringing in new readers with their own kids years later.

Secondly, they're READING. When it's so much easier these days for a kid to plop down in front of the TV and watch a show, or play a video game, the act of reading — even a comic book — is a task for some kids. But comics can pave the way for young people to expand their horizons and read full-length books. Which, I don't have to tell you, is not just a good thing, it's a *great* thing.

In the spirit of Free Comic Book Day and its emphasis on providing new reads for youngsters, we once again present our annual KidsComics month in ***PREVIEWS***. While lots of kids got their first taste of comic books this year at FCBD, the question remains how do continue feeding those hungry imaginations for the other 364 days of the year? Running throughout the month of June in ***PREVIEWS*** and our family of websites and social media sites, is our annual celebration of *KidsComics*. This celebration of all-ages reading is great for anybody, young and old alike, and our coverage in ***PREVIEWS*** hopes to draw your attention to many worthy titles.

We've got an overview of recommended titles beginning on page 222 of this issue, and once you see what's there, you'll see that "all-ages" doesn't necessarily mean for kids only. Also, on this issue's FlipSide, you'll find a mini-interview with Art Baltazar and Franco, co-creators of *Tiny Titans*, *Superman Family Adventures* and *Aw Yeah Comics*, who bring us ***Itty Bitty Hellboy***, a new three-issue mini-series from Dark Horse Comics.

And for our older readers, we've got exclusive interviews with Howard Chaykin on his new ***Buck Rogers*** series from Hermes Press, and Congressman John Lewis, Andrew Aydin, and Nate Powell on their Top Shelf graphic novel series, ***March***, telling the true story of John Lewis' role as a pioneer in the Civil Rights movement of the 1960s. It's a powerful story and an engrossing read!

That's about all the space I have for this month, so please continue nurturing the love of reading to your young ones… and don't forget to treat yourself to something cool too!

Your Pal @ ***PREVIEWS***,

Marty

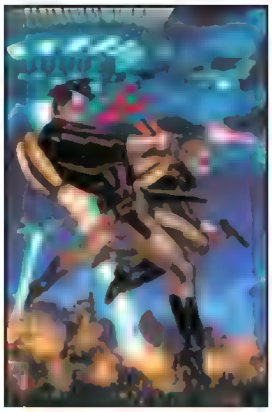
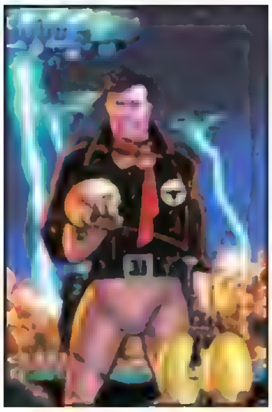
INDIE EDGE INTERVIEW

HOWARD chaykin HOWARD chaykin HOWARD chaykin HOWARD chaykin HOWARD chaykin HOWARD chaykin





HOWARD CHAYKIN

Howard Victor Chaykin has been a comic book professional for over forty years. *Forty years.* Think about it. He took a hiatus from the comics' industry for about fifteen years, to work his way up the ladder of television, on shows which he'd never watch — while keeping his hands in the comics business, because he knows nothing lasts forever. He has a terrible reputation among fans for profanity, limited patience with nonsense, and spite, an attitude he's finally and gratefully aged into.

Howard Chaykin recently joined forces with Hermes Press for a new series starring legendary 25th century comic strip spaceman, *Buck Rogers, and he took time out of his bust schedule to talk about his take on the series…*

***PREVIEWS**: Buck Rogers has been around since 1929. In your version of the feature what direction are you taking it in?*

Howard Chaykin: In many ways, I've gone back to a lot of basics, dealing with the issues with which the strip began. That said, I've retold the origin, taking into account the history, and of course the speculative history, of the time between 1929 and 2429.

***P**: Each new version of Buck Rogers has presented Buck's origin differently, how are you handling this?*

HC: I'm doing a pretty straight-up take on the traditional origin — with the addition of a political element that impacts directly on how Buck deals with the world of 2429.

***P**: Without giving too much away — what is your concept for your version of Buck Rogers?*

HC: Buck is a worker among workers, who finds a bizarre racialist and racist life running in the world into which he awakens. That'll have to do for now.

***P**: Can you give us a sneak peak into what well known Buck Rogers characters will be appearing in your new version of this feature?*

HC: Wilma Deering, Dr. Huer, Killer Kane, Ardala and Black Barney all show up in the new book.

***P**: Do you see the triangle of hero, scientist, and love interest/damsel in distress for "space opera"?*

HC: Buck and Wilma are colleagues, not romantically involved.

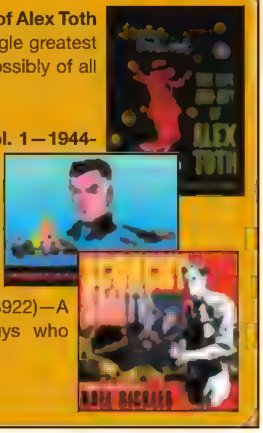
***P**: Do you see parallels between Buck, Huer, and Wilma/Flash, Zarkov, and Dale/Adam Strange, Sardath and Alanna?*

HC: Of course — and between all those three and John Carter, Dejah Thoris, and Tardos Mors. Burroughs is clearly an influence on *Flash Gordon* and *Adam Strange* — Buck is his own creature.

***P**: Is there a writer or artist who interests you on this strip?*

HC: The Dick Calkins stuff is god awful. The work of Russell Keaton, who did the Sundays in the 1930s (and was unfortunately credited to the talent-free Calkins) was transcendently beautiful.

Howard Chaykin, What Are You Reading?



Genius Isolated: The Life & Art of Alex Toth Vol 1 HC (JAN110542)—The single greatest comic book artist of his time, possibly of all time. Trust me.

Johnny Hazard: The Dailies Vol. 1—1944-1946 HC (JUN111145)—Frank Robbins is a phenomenal, too often overlooked, artist in both comic strips and comic books.

Scorchy Smith and The Art of Noel Sickles HC (APR083922)—A sensational book from the guys who brought you *Genius Isolated*.

■ MARVEL PREVIEWS, $4.99, 56 PAGES, PAGE 2

In their defense of Earth, the Avengers have adopted a proactive stance against cosmic threats. As a new threat of a universal scale beyond their abilities develops, the Avengers head into deep space, assembling a team of heroes from across the cosmos to confront it. With Earth left undefended in the Avengers' absence, the Mad Titan Thanos sees an opportunity to take Earth for his own. Earth's last hope lies with the other Marvel heroes left on the planet. Plus, what major role will Black Bolt and the Inhumans play during this conflict? The fate of Earth and the universe as a whole hang in the balance in Marvel Comics' next event, *Infinity*, beginning this August!

Infinity spans the entirety of the Marvel Universe in a cosmic saga from *Avengers*' Jonathan Hickman and artists Jim Cheung (*Avengers: The Children's Crusade*), Jerome Opena (*Avengers*), and Dustin Weaver (*S.H.I.E.L.D.*). Readers saw the opening shots in the star-spanning conflict fired in the *Free Comic Book Day: Infinity* special. Now the Marvel Universe's heroes are fighting on two fronts -- the Avengers in deep space, the other Marvel Heroes closer to home. If either group fails, Earth and the universe will fall!

The first issue, shipping in August, is an oversized 56-page issue that features artwork from Cheung. Arising from events in the pages of *Avengers*, *Secret Avengers*, *Guardians of the Galaxy*, *Thanos Rising*, and other books and previewed on Free Comic Book Day, *Infinity* #1 will bring new readers up to speed on the greatest threat Earth faces in Marvel NOW! while long-time fans will find the culmination of long-running storylines.

EXPERIENCE AMERICAN HISTORY THROUGH THE EYES OF ONE WHO LIVED IT

Congressman John Lewis (GA-5) is an American icon, a man who witnessed history in the making and made history himself as one of the key figures of the Civil Rights Movement. His commitment to justice and nonviolence has taken him from an Alabama sharecropper's farm to the halls of Congress, from a segregated schoolroom to the 1963 March on Washington, and from receiving beatings from state troopers to receiving the Medal of Freedom from the first African-American president.

Now, to share his remarkable story with new generations, Lewis turns to the graphic novel format, in collaboration with co-writer Andrew Aydin and artist Nate Powell (winner of the Eisner Award for *Swallow Me Whole* and a New York Times-bestseller for *The Silence of Our Friends*). The resulting graphic novel trilogy, titled *March*, will be released by Top Shelf Productions.

March is a vivid first-hand account of John Lewis' lifelong struggle for civil and human rights, including his key roles in the historic 1963 March on Washington and the 1965 Selma-Montgomery March, and his meditation in the modern age on the distance traveled since the days of Jim Crow and segregation. Rooted in Lewis' personal story, it also reflects on the highs and lows of the broader civil rights movement.

One of the most important graphic novels published this year, *March Book One* comes your way this August!

MARVEL CLASSIC CHARACTER:

X-MEN #4—BEAST

ON SALE NOV 13

LIMITED TO 850 NUMBERED PIECES. PACKAGED IN ITS OWN TIN BOX, WITH A PIN-BACK BUTTON AND CHARACTER BOOKLET $49.95

Created by Stan Lee and Jack Kirby, the X-Men Syroco series continues with none other than Hank McCoy, better known as Beast.

The sculpting team at Yoe! Studio has captured both the look of the original Marvel characters as well as the funky, distressed look that has made this series a collector favorite. Craig Yoe describes them as "primitive but charming."

GAME OF THRONES

IRON THRONE LUNCHBOX

ON SALE AUG 28
EMBOSSED TIN LUNCHBOX $14.99

Five kings. One throne. Two lunchboxes.

We are following up last month's solicitation with a second *Game of Thrones* lunchbox, focusing on the iconic Iron Throne.

Dark Horse has upgraded these new lunchboxes from the quality usually seen in this product category. We used a heavier-gauge tin than on previous lunchbox releases and have improved the metal clasp.

The imagery speaks for itself. The throne has become symbolic of the series as a whole and will resonate as season 3 brings new fans to the story.

On sale AUGUST 7 • 32 pg, 1 of 8, FC, $2.99 US • MATURE READERS

It's the year 3797, and botanist Nika Temsmith is researching a strange species on a remote science station near the outermost rim of colonized space.

It's the year 1921, and renowned English explorer William Pike leads an expedition into the dense jungles of Peru in search of the fabled "Lost Temple of the Incas," an elusive sanctuary said to have strange healing properties.

Two disparate souls separated by thousands of years and hundreds of millions of miles. Yet they will fall in love and, as a result, bring about the end of the universe.

Even though reality is unraveling all around them, nothing can pull them apart. This isn't just a love story; It's the *LAST* love story ever told.

Trillium is an 8-issue series that combines rich historical adventure and mind-bending science fiction into a sprawling, unconventional love story by Jeff Lemire (SWEET TOOTH, CONSTANTINE, ANIMAL MAN).

This amazing miniseries kicks off with 28-pages of story in a flip-book with two covers and two separate but connected stories!

Legendary creator **Joe Kubert** was responsible for an amazing amount of great works for more than a sixty year period. Kubert was also the subject of the acclaimed *Joe Kubert's Tarzan Artist's Edition* that came out last year. Now, in the second IDW Artist's Edition, we present *Joe Kubert's Tor Artist's Edition* collecting four oversized issues and covers, along with the rarely seen Newspaper strip of *Tor* by Kubert, all in the award-winning Artist's Edition format.

WHAT IS AN ARTIST'S EDITION?

ARTIST'S EDITIONS ARE PRINTED THE SAME SIZE AS THE ORIGINAL ART. While appearing to be in black & white, each page has been scanned in COLOR to mimic as closely as possible the experience of viewing the actual original art—for example, you are able to clearly see paste-overs, blue pencils in the art, editorial notes, art corrections. Each page is printed the same size as drawn, and the paper selected is as close as possible to the original art board.

THE THIRD DEGREE

SINA GRACE

What are you working on right now?
Today I worked on some inks for BURN THE ORPHANAGE -- part one of a trilogy called BURN TO LOSE -- and wrapped some layouts on a follow-up to last year's OGN NOT MY BAG.

What is the best part of your job?
I've gotten to a point where I can surround myself with my best friends, and work only with people I love. In the past year, I've only drawn characters I love with editors I respect. That, and the cool stuff readers bring me at conventions.

What is the worst part of your job?
Never feeling good enough.

How did you first discover comics?
It was either Ninja Turtles, or a Sam Keith Batman Annual. Either way: I got them in a grocery store! Remember that?

If you weren't working in comics, what would you be doing?
Failing as a short story writer.

What is the best thing a fan has ever said to you?
Someone asked me to sign their book while I was talking to Becky Cloonan and Jason Fisher. That made me feel like a boss.

Who is the biggest influence on your work?
Craig Thompson, Alexander McQueen, and Emily Haines.

What is the single work of which you're most proud?
Last year's NOT MY BAG. I couldn't believe that I had Eric Stephenson's support on such a strange graphic novel about retail hell. I also love the paper we printed it on.

Own up to one of your guilty pleasures.
Lana del Rey.

What was the last comic book you bought?
Junqueland #3... so good!

If you could be someone else for a day, who would it be?
Reality Bites-era Winona Ryder. Partly to see what it would be like to be relevant in the '90s, and also to see how bad "that time of the month" feels.

What are three of the most important things in life to you?
My friends, my spirit, and my work.

What is the strangest thing you have in your house?
I have a business card on my refrigerator that this gay couple gave me: it's just a photo of them in matching black tank tops...

What makes you laugh?
Telling people that my friend Dan was the touring guitarist in Counting Crows, or that he recorded bass on a Goo Goo Dolls album...

What is one of your favorite places?
New York. It truly is as beautiful, busy, loving, heartbreaking, and chaotic as it is depicted in entertainment.

What music are you listening to these days?
SLEIGH BELLS, Youth Lagoon, Rihanna, Pretenders, Crystal Castles, old Phantom Planet, Rilo Kiley, and there's a Buffy the Vampire Slayer soundtrack from 1999 that I put on like once a week.

What is your favorite film of all time?
Romy and Michele's High School Reunion.

Whom do you trust to be honest about your work?
Ryan Ottley will tell it to me straight.

What is the best advice you've ever received?
Be nice, be good, be on time.

When was the last time you were truly frightened?
When my boyfriend told me about an upcoming surgery that had me thinking he could die. #realness

Who is someone you really admire?
Riley Rossmo... he's just naturally cool and has a big heart (never mind that he's talented).

What would you like to see happen in comics in the next 12 months?
The return of *Battle Chasers*, and for Image Comics to beat out Marvel or DC in "the big two" race!

3 WAYS LOGISTICS CAN HELP YOU SATISFY ONLINE SHOPPERS.

Last year alone, e-commerce grew 14% as more and more people shopped online.* According to comScore's *Online Shopping Customer Experience Study* commissioned by UPS, you can generate loyalty by implementing simple practices.

1) GIVE DELIVERY OPTIONS

Even though 67% of shoppers surveyed said they usually choose the most economical delivery option, the majority want an array of choices. That's why UPS offers many options, ranging from ground to early morning overnight to international.

2) OFFER MORE CONTROL

Online shoppers want the flexibility to manage their deliveries. They want clear communication about delivery dates, along with alerts, confirmations and rescheduling options. UPS My Choice℠ makes this high level of home delivery service possible.

3) MAKE RETURNS EASY

51% of those surveyed said they have returned a product purchased online. Almost half of those shoppers would shop more often and even recommend retailers to friends if return options were easier. And UPS offers plenty of flexible return options.

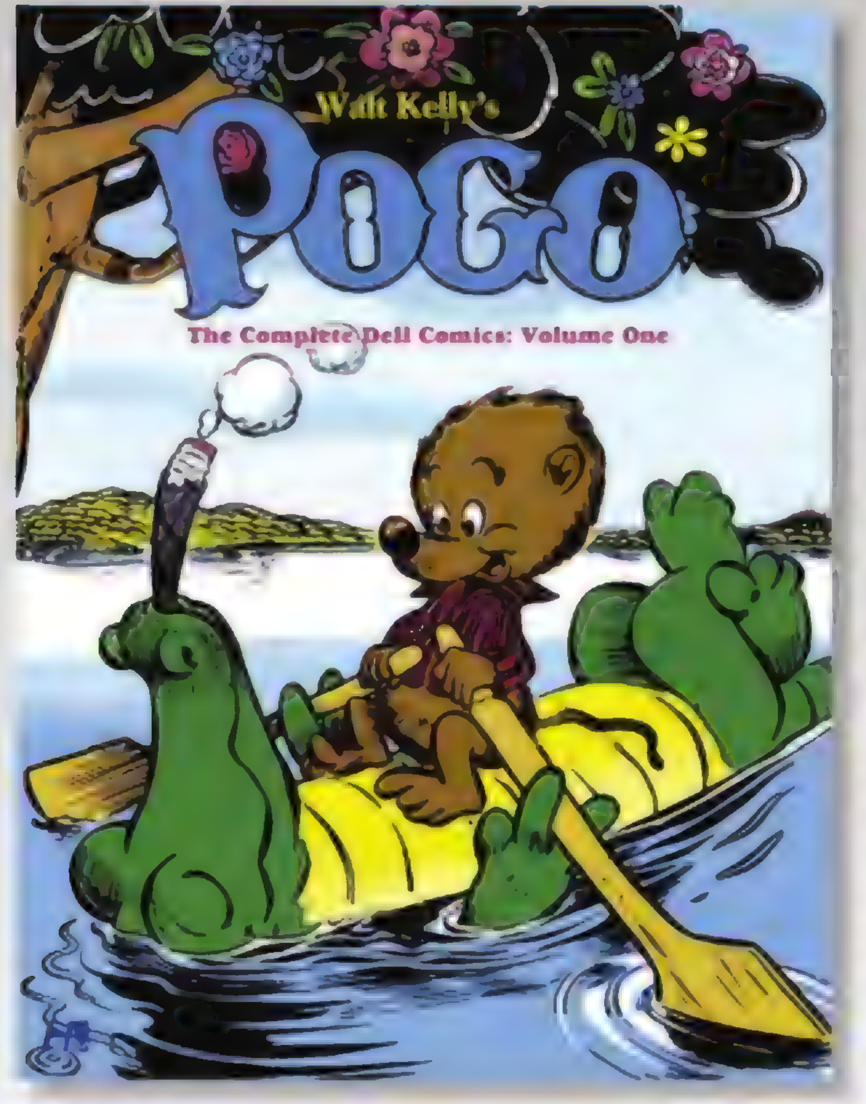
Volume One of the Comprehensive Reprint of Walt Kelly's Complete Dell Pogo Comics



Walt Kelly's
Pogo
The Complete Dell Comics: Volume One

Walt Kelly's Pogo the Complete Dell Comics: Volume One; full color; historical essays; original artwork; hardcover with printed laminated cover with deluxe dustjacket; 7.75 x 10.25; reprints all Pogo stories from Dell Comics *Animal Comics* (issue #'s 1,2,3,5,8-30), *Four Color* comics (Issue #s 105 and 148), and *Our Gang Comics #6*; 272 pages; $50.

Walt Kelly's Pogo, acknowledged as one of the most important and influential comic strips of all time, first appeared not in newspapers but as a feature in the Dell comic book anthology Animal Comics, in its first issue, in 1942. The complex, multi-layered, character-rich world of Pogo and the Okefenokee Swamp started in these early stories.

It was here, in the four color world of comic books, that the feature and its characters grew and matured, ultimately becoming one of the world's most famous comic strips.

Now fans of Pogo can see it all from the beginning with Hermes Press' reprint of the complete Dell Comics Pogo. Volume One features all of the *Animal Comics* Pogo stories together with complete reprints of Pogo's appearances in Dell's *Four Color* comics and *Our Gang Comics*. This book also boasts numerous examples of original artwork from these stories as well as scholarly essays from noted Pogo historians.

ITTY BITTY HELLBOY #1

Dark Horse Comics

AAAaaaawwww yeeeaaah! **Itty Bitty Hellboy!** There's only one comics team with such a resounding catchphrase. It's Art Baltazar and Franco Aureliani! You know them. They won an Eisner for *Tiny Titans*. They founded a comic shop (Aw Yeah Comics!) in scenic Skokie, Illinois. They just blew the roof off a Kickstarter campaign for their new indie publishing powerhouse Aw Yeah Comics. And even more immediately exciting than all that?

Mike Mignola has given his blessing to an all-ages *Hellboy* comic! Abe, Liz, & Hellboy are all runnin' around, lookin' adorable, chasin' ghosts, and eating a metric ton of pancakes! (Can't nobody argue with pancakes.) Mike is super-stoked, but he's stepped way back to let Art and Franco work their magic. So expect some giggling golems, laughing lobsters, and at least one hysterical head-in-a-jar this August!

STAR WARS
JEDI ACADEMY
Jeffrey Brown

STAR WARS: JEDI ACADEMY HC

Scholastic Inc.

Two words: *Star Wars*. Do I have your attention? I thought so. Jedis, lightsabers, Yoda, Sith Lords -- all the things with which childhoods are made.

Think about your time in grade school. Now think about that same grade school with a bunch of Jedis-in-training and Yoda as the headmaster. That's Jeffrey Brown's new book *Star Wars: Jedi Academy* in a nutshell. Following in the successes of his previous *Star Wars* books, *Vader and Son* and *Vader's Little Princess*, Brown brings his lovable style back with a prose book telling the story of Roan, a young lad who dreamed of going to pilot school, only to be rejected and subsequently invited to Jedi Academy by a green fellow named Yoda. The rest is history -- or is it?

You'll have to pick up the book to find out!

T.H.U.N.D.E.R. AGENTS #1

IDW Publishing

When the original T.H.U.N.D.E.R. Agents first appeared it was unique. First its price, 25 cents was not the norm, we were just getting over going from *STILL 10 CENTs* to 12 cents and now a new company with new characters wanted 25 cents. It was hard enough to come up with 25 cents for those great DC annuals. But the characters and the creators made 25 cents seem like a bargain imagine a comic book with art by the likes of Wally Wood, Steve Ditko, Gil Kane, Mike Sekowsky, and Reed Crandall and featuring heroes like Dynamo, NoMan, Lightning, Raven, The Thunder Squad, and one of the ultimate femme fatales, Iron Maiden.

There have been many other incarnations of the T.H.U.N.D.E.R. Agents over the years from JC Comics and Archie's Red Circle to Texas Comics and their appearance in *Justice Machine Annual*, Deluxe Comics' Wally Wood's *Thunder Agents* with work by George Pérez, Dave Cockrum, Jerry Ordway, and Keith Giffen. The attempts at a reboot by DC Comics at least lead to hardcover collections of the Tower Comics. A recent reboot featuring the classic Tower characters years past their prime and a new generation coming on board.

Now IDW who has a knack for revitalizing classic lines of comics is bringing Len Brown and company back in *T.H.U.N.D.E.R. Agents* #1 by Phil Hester and Andrea Di Vito with the added bonus of a subscriber's cover by Jerry Ordway whose art and inking style is a constant homage to Wally Wood. I became a fan of Phil when I read *The Wretch* and enjoyed Di Vito's work when it first appeared from Crossgen. The combination of this writer and artist are sure to honor the past while creating its own legacy for new readers and I can't wait to see Andrea's interpretation of the Iron Maiden.

As an added bonus for fans, IDW is also collecting the first four issues of the original Tower Comic series in trade paperbacks for the first time, giving us a true chance to relive a bit of the Silver Age of Comics that was more than just DC and Marvel.

BUCK ROGERS IN 25TH CENTURY BY HOWARD CHAYKIN #1

Hermes Press

In 1929 a story ran in *Amazing Stories*. "Armageddon 2419 A.D." by Philip Nowlan became the inspiration for the first science fiction comic strip, *Buck Rogers in the 25th Century*. Anthony "Buck" Rogers, along with Wilma Deering and Doctor Huer, became the template for sci-fi adventure stories such as *Flash Gordon*, *Adam Strange*, and *Star Wars*.

While others have attempted bring Buck and company to the comic books, in every instance the projects failed to live up to its historical importance. Buck is the preverbal man out of time, a futuristic Rip Van Winkle and a precursor to Steve Rogers, another man living out of time.

With years of producing successful collections of the classic *Buck Rogers* daily and Sunday newspaper strips under their belt, Hermes Press is now producing all-new adventures of the first sci-fi action hero with comics legend Howard Chaykin.

In this new series written and illustrated by Chaykin, the writer/artist known for political-socio-economic influenced stories in *American Flagg* as well as reinterpreting classic characters like *The Shadow*, *Blackhawks*, and DC Comics' sci-fi characters in *Twilight*, combines a back-to-basics approach with his unique touch. The history and background of a man from 1929 becomes an important part of the character that awakes in 2049 and has to deal with century of changes while seeing how little some things changed. This is Howard at his best, totally enthusiastic and into the characters, their history and their attitudes.

While I was a fan of *Flash Gordon* first, I became a fan of *Buck Rogers* with that first oversized collection from Chelsea House. I was a fan of Chaykin from his *Crusty Bunker* days and his work on Fritz Lieber's *Fafhrd and the Gray Mouser* up to his current work doing covers for *The Shadow*. Hermes Press' *Buck Rogers in the 25th Century* comic series is a welcome addition to my collection and is a case of not wanting to wait for the trade.

LORDS OF MARS

AN INTERVIEW WITH WRITER ARVID NELSON

You've already worked in both the *Warlord of Mars* and *Lord of the Jungle* universes. What were those projects / storylines, and what did you enjoy about working on them?

Writing *Warlord of Mars* and *Lord of the Jungle* have been one of the greatest thrills of my so-called "career" as a writer. From the beginning, Nicky, Joe and I were committed to doing the adaptations the "right" way, as close to the spirit of the originals as possible. We only made changes where we felt they were absolutely necessary. Otherwise, we let the stories tell themselves, in all their unabashed, pulpy glory!

When Dynamite first contacted you about working on the *Lords of Mars* crossover, what were your thoughts on bringing together the two iconic characters?

It's funny – Nicky, Joe and I all had the idea for a *Warlord/Jungle* crossover independently, at the same time. For *Lords of Mars*, I want to tell an epic story, one that takes place on Mars and on Earth, one that involves a sweeping arc of time and space, one that tears the characters apart and brings them back together again. Intrigue, action, romance, suspense – everything. I'll let readers be the judge of how well I succeed!

What do you see as the main differences and similarities between Tarzan and John Carter?

John Carter is more comfortable around human beings than Tarzan. He's more of a leader, but he's most in his element in times of conflict, as opposed to the backstabbing and intrigue of "peace-time". Tarzan is more a force of nature. In terms of raw strength and agility no one can match him, but he's not fully in control of himself – he's like The Hulk in that when he loses it, he loses it.

Will either Dejah Thoris or Jane Porter play a significant role in the LORDS OF MARS storyline?

Absolutely. Both of them, yes. Jane will be more central to the story, but Dejah's going to play a critical role, too.

Should we anticipate any other significant characters from either mythos to appear in the LORDS OF MARS series?

John Carter's past conflicts uniting Mars are going to come back to haunt him. And Tarzan. More than that, I dare not say. You'll just have to read the story!

How do you get into the writing mood when preparing to write a LORD OF THE JUNGLE or WARLORD OF MARS story? Is there research to the era / locations that you do?

I never have a problem getting in the writing mood when there's a deadline looming! The greatest inspiration for me is the original stories. Burroughs was a fanatic for novelty. He didn't like exploring all the details and intricacies of the things he'd invented, it was always about the shiny and new for him. That's great for me, because it means there are so many untold stories left to tell.

What themes / character elements do you want to explore in *Lords of Mars*?

Tarzan's relationship with Jane has always fascinated me. For all of Tarzan's amazing abilities, he's quite innocent and vulnerable. So Jane is his big sister as much as his wife. And, of course, Tarzan's reconciliation with John Carter will be the fulcrum of the series. It's gonna be a bumpy ride!

Would you consider LORDS OF MARS a good jumping-on point for new readers?

It's a great jumping-on point. In fact, I always go out of my way to make sure new readers are never at a loss, regardless of where were are in a series. But people who are following Warlord of Mars and Lord of the Jungle will get a lot out of the series, too. I don't think anyone does contemporary pulp fiction like Dynamite. If you're reading The Green Hornet, The Shadow, Red Sonja or any of Dynamite's titles, I hope you'll get a big kick out of Lords of Mars.

Before Superheroes, there were Masks! The Shadow, The Green Hornet and Kato, The Spider. In 1938, these masked vigilantes operated outside the law, working independently to strike fear into the hearts of evildoers. But when the corrupt politicians of the Justice Party transform New York into a fascist state run by mobsters, when an oppressive regime grants jack-booted stormtroopers free rein to imprison, extort, and execute the innocent, when the law itself becomes unjust — justice must be served by outlaws! Outnumbered and outgunned, the legendary vigilantes emerge from the shadows to fight, joined by Zorro, the Green Lama, Miss Fury, Black Terror, and the Black Bat! Nine renowned pulp heroes, brought together for the first time in an epic conflict of Law vs. Justice!

"MASKS 1 is a great start and what's even better is that anyone can pick this up and read it. You don't need to be reading GREEN HORNET, THE SHADOW, ZORRO, or THE SPIDER to fully appreciate these characters and this story. I really like the collaboration between Roberson and Ross here. I think they're a perfect fit for this world and story. It was great to see Alex Ross work on interiors again, and I loved his design of the Agents."
– ComicVine.com

"Roberson and Ross have a great, fresh handle on these characters that I'm enthused to keep investigating their world."
– ComicBookResources.com

"It belongs on the radio. Which is a real credit to writer Chris Roberson, as it shows he's able to translate the voice of these icons of pulp onto the page. His take on the Shadow is darn near pitch-perfect. Make no mistake, Ross is never better than when he's drawing the greats, and these players are the indeed the greats."

"This event proves crossovers could be fun and smart without being cliche."

SPOTLIGHT ON

PALOOKAVILLE VOLUME 21 HC

(W/A/CA) Seth

Continuing the new semiannual hardcover format for *Palookaville* in volume 21, Seth presents two very different autobiographical pieces, and the continuation of Part Four of the ongoing *Clyde Fans* serial. In the latest dispatch from the beautifully crafted Clyde Fans, Abraham muses further on the ruins of his life. Then, in the first sustained sequence of the two Matchcard brothers, Abraham and Simon finally sit down together and begin to talk. "Nothing Lasts" is the first half of a sketchbook memoir about Seth's childhood and adolescence in small-town Ontario. It is a wryly self-conscious, often moving visit to the attic of Seth's memories: from his first attempts at cartooning to the last time he kissed his mother good night, "Nothing Lasts" is a masterpiece of the graphic short story. Finally, the third section of this volume consists of entries from the comic-strip diary Seth has been keeping for almost a decade. He employs a mixture of hand-drawn panels and rubber stamps of his own work to tell anecdotes about moments from his life. Nothing from this diary has ever been made public before. This lushly designed collection of stories comprises an anthology of the different types of cartooning work Seth has done over his two-decade-long career. (STK616400)

Acclaimed cartoonist Adrian Tomine (*New York Drawings*, *Shortcomings*) returns with a dazzling new issue of his two-decade-long comic book series! *Optic Nerve* #13 features three complete stories, each distinct in their tone and visual style. "Go Owls" is a dark comedy about 12-step programs, drug dealing, and minor league baseball. "Translated, from the Japanese," illustrates the diary of a young Japanese mother, caught between two countries and hovering on the precipice of divorce. "Winter, 2012" is an autobiographical glimpse into Tomine's home life and his ongoing struggles with the modern world. Throughout *Optic Nerve* #13, Tomine channels contemporary zeitgeist and vernacular to produce flawlessly designed, compellingly readable stories. (STK616398)

Following his acclaimed *Various Drawings* art book series, *Carbon* serves as the first of a new series assembling the best recent graphic works of Mark Schultz. The element carbon, common yet versatile, is the binder at the base of life on Earth as well as the source of the rich blacks that run through Mark Schultz's drawings. Similarly, the book *Carbon* binds an astonishing array of illustrative art rendered in brush and ink, graphite and carbon pencil, and it also introduces more color than ever before through the artist's increased experimentation with watercolor as an atmospheric element. MARCH: BOOK ONE

Top Shelf Productions

Top Shelf delivers one of the year's most important graphic novels with *March: Book One*, which begins the true story of Congressman John Lewis' experiences during the civil rights movement in America. As the once-chairman of Student Nonviolent Coordinating Committee and the last living member of the "Big Six," Lewis brings historical authority to this formative period in our nation's history while his incredible life provides a deeply personal window on segregation and the strength of nonviolent protest. Eisner-winning artist Nate Powell delivers some of his most beautiful work to date, bringing dimension to the farm life of Lewis' youth and the tense exchanges of lunch counter sit-ins. With an impressive slate of media coverage already in the works, this is a book everyone will be talking about.

From *The Yellow Kid* to the *Captain and the Kids,* these are the origins of the American comic strip, created at a time when there were no set styles or formats, when artistic anarchy helped spawn a new medium. This books features the earliest offerings (1895 to 1915) from the famous and lesser-known cartoonists who where there when comics were born; over 150 creations from more then 50 superb artists, most reprinted for the first time ever. And all in the original broadsheet size and brilliant colors. **NOTE:** Some content may be considered racially offensive, but is included in this book as an essential part of comics history. 3 GUNS #1

BOOM! Studios

Trench and Steadmen were lucky to have lived through their last experience together but they have lived, learned and come out the other side a little tougher for it. So what could stop them now? How about a third wheel?

Not too long after their experience on the run from their own government agencies trying to kill them, Trench and Steadmen have staggered into yet another unstable situation. Between the Russians and anti-government revolutionaries, there's a lot of heavy arms dealing to be done and the two "guns" are balanced in the middle. With the two partners trying to keep their eyes on all the players, they may fail to notice the most dangerous addition to the game yet, a third "gun" looking to swoop in and take it all out from underneath them.

Steven Grant sticks to his guns and comes back for a second round of the series that now makes its way to the big screen this summer starring Denzel Washington and Mark Wahlberg. The action begins on screen but continues in *3 Guns #1*.

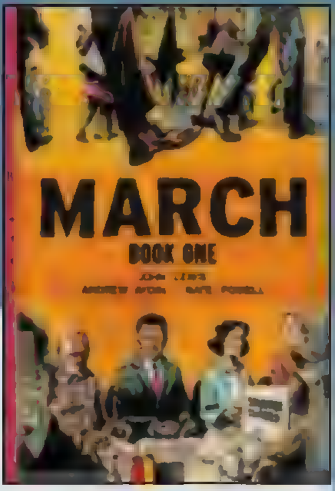
PRESENTS: MARCH



In August, Top Shelf Productions will debut **March Book One**, the first volume in a trilogy chronicling Congressman John Lewis' life and experiences. Beginning with his childhood growing up in rural Alabama during the days of segregation, **March** takes readers alongside Lewis through his involvement in Civil Rights actions to the inauguration of President Obama.

March is co-written by Andrew Aydin, who works on Rep. Lewis' staff handling Telecommunications and Technology policy and is a lifelong comic fan, with art by *New York Times* best-selling artist Nate Powell (*Swallow Me Whole, The Silence of Our Friends*).

PREVIEWS spoke with each of the creators of **March** about their involvement in the books, and what brought each of them to work on this historic project.

INTERVIEW WITH REP. JOHN LEWIS

PREVIEWS: *You've written two books before, what made you decide to write a graphic novel?*

Rep. John Lewis: A few short years ago, Andrew said to me: "Why didn't we consider doing a graphic novel?" and I sort of put it off. And then my mind went back to 1957, *The Montgomery Story*, telling the story of Martin Luther King, Jr. and the bus boycott, and how they did it with the comics, and making it easy for young people to understand the power of non-violence, the power of direct action, and peaceful resistance. And I finally said, "Yes, let's do it," because I saw the need to try to educate and inspire and get more young people motivated to do something about all of the violence in our society and to let them know that during another period in our history that a group of young people had the courage to use the way of peace, the way of love, the way of non-violence to bring about change. It's a successful technique, a successful philosophy, and it's a way out.

P: *What was it like when you saw his art for the book, when you saw the events from your life drawn out on the page?*

JL: Seeing the drawings and the work of Nate, I saw myself. I was moved — I felt like he did a great job, an unbelievable job, in describing and illustrating me as a young boy growing up in rural Alabama during the Forties and the Fifties, and later as a student in the sit-in movement and the Freedom Rides.

I think it sends a message to young people that you, too – it doesn't matter how young you are, that you too can get involved, that you, too can make a contribution. Where you come from, where you find yourself in life, you can lead on with a dream, a philosophy, and you can do something to make a contribution, to bring about change.

P: *When you were in the movement, especially in the beginning, did you have a sense that what you were doing was going to cause such a significant change?*

EDMUND PETTUS

JL: At the time of my involvement, whether it was the sit-ins in Nashville or going on the Freedom Rides, marching on Washington fifty years ago, or marching from Selma to Montgomery for the right to vote forty-eight years ago, I had some idea that we were involved in a movement, a big movement, a powerful movement for change, but I didn't have any idea at the time that it would have the impact that it had. You travel around America, or you travel around the world, the great majority of people know something about the Civil Rights movement. Students are studying the philosophy behind the nonviolence. Elementary school students, high school students, not just college students. And you travel around the world, people know "We Shall Overcome," they know something about Dr. King's "I Have a Dream" speech.

P: *What would you like readers to take away from the book?*

JL: I would love readers to read and understand that another generation of people, just ordinary people, believed deeply and they were moved to act. To speak up and speak out, and they had raw courage, enough courage — literally — to put their bodies on the line. That people were prepared to die for what they believed in.

INTERVIEW WITH ANDREW AYDIN

P: *What was your experience with comics prior to this project?*

Andrew Aydin: I've always been a big fan. I started reading comics when I was eight or nine. By the time I was in high school, a friend and I were such regular readers that we arranged for our study hall period to be the last class of the day on Wednesdays so we could go to the store early. But I had never written a comic book or a graphic novel before. I'm basically a fanboy who managed to live the childhood dream.

P: *What made you decide to go with Top Shelf as a publisher?*

AA: I am a big fan. I first got hooked on them reading (Alex Robinson's) *Box Office Poison*. Honestly, I was pretty humbled they were interested in the idea. I'll never forget when I got the phone call from Chris Staros saying that he had read our script and wanted to publish it. I was in the front yard and I started dancing all around. My neighbors must have thought I looked pretty silly, but it was one of the greatest moments of my life!

P: *What do you hope readers will take away from* ***March****?*

AA: I hope everyone that reads *March* comes away with a little inspiration. John Lewis is a hero and I think these days we need some real heroes to look up to. But I'm also hopeful that people will want to learn more about nonviolence. Maybe, just maybe, someone will read *March* and get inspired to go and do something.

INTERVIEW WITH NATE POWELL

P: *How did you come to be involved in this project? How does it feel to work on this?*

Nate Powell: Chris Staros called me up in the spring of 2011 to fill me in on the project — Congressman Lewis and Andrew already had a finished first draft of the script, and Chris thought I'd be a good fit as artist. Working on this story conjures many emotions in the course of its production — it's a deep honor, of course, but the more I work through it, the more I begin to grasp the importance of imparting this chapter of history to subsequent generations of folks who will be further removed from feeling directly connected to the movement, or its impact, as the years go on.

P: *What sort of research did you for the book?*

NP: Congressman Lewis has quite an archive of visuals (and physical relics in his office), which Andrew has been good about providing to me along with each section of script. On top of that, I spend a good chunk of time referencing more subtle indicators of time and place, fashion and technology being the most noticeable. Sometimes I insert my own background or incidental dialogue, and I'll check with my parents (who grew up in 1950s-'60s Mississippi) about certain slang or word choices. It's important to note that John is an orator who's been telling some of these stories for 55 years, so it was crucial to read his memoir *Walking with the Wind*, compare events and details, looking for anything not included in the script that might help give a more complete picture. I also have several books of photography from the Civil Rights movement, 1960s [illegible] books, some documentary DVDs of specific events, and the stories of my parents, grandparents, and my own past. The specter of the segregated South still existed in the early 1980s, as it does today.

P: *You recently accompanied Rep. Lewis on a tour of civil rights landmarks, including the Edmund Pettus Bridge. What was that experience like, especially after working on* ***March****?*

NP: It was truly profound, and deeply affecting. What was most impactful to me was the sense that, by walking the same streets and eating in the same church basements used by so many brave and dedicated folks, very little time did separate our lives in 2013 from the struggles of the mid-century. I grew up in Montgomery, Alabama during elementary school, but had a very different experience of the city as a suburban white child. Returning to the city 25 years later in a different (and more complete) historical context charged me with the feeling of life coming full-circle.

Most powerful were moments that seemed to cut through space-time: while visiting Dr. Martin Luther King, Jr.'s house, I leaned on his kitchen sink while listening to an audio recording (from the day before his assassination) in which he described the voice of God speaking to him in that very kitchen, as he debated fleeing town with his family amidst bombings and death threats. Placing my hands where his hands made a late-night pot of coffee was transcendent. These are icons and heroes, of course — but even more amazing is that they *were* just like you.

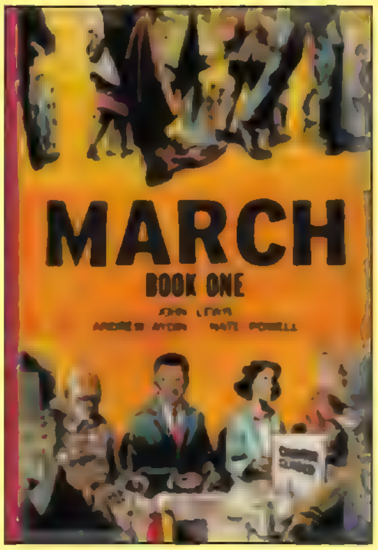
MARCH BOOK 1 GN

(W) John Lewis, Andrew Aydin
(A/CA) Nate Powell



Congressman John Lewis (GA-5) is an American icon, a man who has witnessed history in the making and helped make history himself as one of the key figures of the civil rights movement. His commitment to justice and nonviolence has taken him from an Alabama sharecropper's farm to the halls of Congress, from a segregated schoolroom to the 1963 March on Washington, and from receiving beatings from state troopers to receiving the Medal of Freedom from the first African-American president. Now, to share his remarkable story with new generations, Lewis presents *March*, a graphic novel trilogy, in collaboration with co-writer Andrew Aydin and artist Nate Powell (winner of the Eisner Award for *Swallow Me Whole*, NY Times Bestseller for *The Silence of Our Friends*). *March* is a vivid first-hand account of John Lewis' lifelong struggle for civil and human rights, meditating in the modern age on the distance traveled since the days of Jim Crow and segregation. Rooted in Lewis' personal story, it also reflects on the highs and lows of the broader civil rights movement. Book One spans John Lewis' youth in rural Alabama, his life-changing meeting with Martin Luther King, Jr., the birth of the Nashville Student Movement, and their battle to tear down segregation through nonviolent lunch counter sit-ins, building to a stunning climax on the steps of City Hall. In March, a true American icon joins with one of America's most acclaimed graphic novelists. Together, they bring to life one of our nation's most historic moments, a period both shameful and inspiring, and a movement whose echoes will be heard for generations. (STK529383)

FRANK MILLER'S ROBOCOP: LAST STAND #1

BOOM! Studios

I started collecting Frank Miller's work when I was in college. I grabbed up the various volumes of *Sin City* as quickly as my razor thin budget would allow. I was getting to a point in my life where I decided I didn't want to read superhero comics anymore and was looking for something more mature and found it in spades. What I did not know in college was that years before I had already been introduced to Frank Miller's work when I picked up a copy of *Robocop vs. Terminator*. I loved the book which was no surprise given how much I liked the movies. *Robocop* and its sequels were some of the first R-rated movies that I saw as a kid. I had watched it over at one of my friend's houses whose parents had HBO allowing us to sneak some R-rated movie time without our parents finding out.

This latest project from BOOM! has Steven Grant (*2 Guns, The Punisher*) turning Frank Miller's unproduced screenplay for the final chapter in the *Robocop* story into a seven part monthly mini-series. Boom is promising all the action and violence that made the first movie a classic. Detroit is under siege by OCP which has been busy turning the city into a police state with their corporate enforcers and ED-209s. OCP sponsored propaganda may paint Robocop as a terrorist but the citizens of Detroit aren't buying that for a dollar!

Pick up *Frank Miller's Robocop: Last Stand* #1 and read the conclusion to the *Robocop* saga the way Frank Miller intended.

NOW ON THE BIG SCREEN: THE UNOFFICIAL AND UNAUTORIZED GUIDE TO DOCTOR WHO AT THE CINEMA SC

In 1965, two American filmmakers took the BBC's *Doctor Who* television series to the cinema. Starring Peter Cushing, *Dr Who and the Daleks* and *Daleks - Invasion Earth: 2150AD* brought a colorful world of Dalek invaders and a time-travelling Police Box to the big screen for the very first time. In the decades since, many other filmmakers have tried and failed to replicate the success of those two movies. Through new interviews with those involved and never before published paperwork from the British Board of Film Censors, the story of *Doctor Who*'s difficult relationship with the cinema can now be told. GRIS GRIMLY'S FRANKENSTEIN HC

(W) Mary Shelley (A/CA) Gris Grimly

A twisted, fresh, and utterly original graphic adaptation of the classic work of gothic horror, brought to life by none other than gothic horror's modern master: Gris Grimly. You know the story, but you've never seen it like this! Gris Grimly has long considered Mary Shelley's classic tale of terror to be one of his greatest inspirations. Using an abridged version of the original text, Gris adorns each page with illustrations, creating a world inside a book that is part graphic novel, part prose novel, and all vintage Gris Grimly. The result is a version of the tale unlike any that has ever been seen before, on the page or in the theater — a frightfully fresh version of the tale that is at once classic and contemporary, and one that could only be experienced in this form. STAR TREK: THE ART OF JUAN ORTIZ HC

(W/A/CA) Juan Ortiz

What if every original *Star Trek* episode was a movie event? What would the movie poster look like? This was the inspiration to develop a one-of-a-kind set of images for the series that launched a franchise. Artist Juan Ortiz has created unique retro-style art with the look of a 60s movie poster, comic book, pulp novel cover or advertisement, one each for all 80 episodes. Seen on posters, t-shirts, even shot glasses, Juan Ortiz's acclaimed *Star Trek* artwork is now collected in a single volume! (STK615316) (C: 0-1-1)

HOW TO SPEAK DROID WITH R2-D2: A COMMUNICATION MANUAL HC

(W) Urma Droid (A/CA) JAKe

Following the success of *How to Speak Wookiee* comes this essential manual for interacting with R2 units in a variety of situations. Droids are made to be reliable, helpful, and daring, but their personalities can sometimes be frustratingly stubborn. This convenient sound guide will help new R2 users successfully understand their droids and utilize them to their full capacity. Featuring helpful scenarios — like convincing a droid to play back full messages, serve beverages and hors d'oeuvres at semi-formal events, diagnose and repair mechanical issues on an X-wing, or just walk the dog— plus a sound module including 10 different droid phrases, this handbook is a necessity for any new R2 user. STAR WARS: JEDI ACADEMY HC

(W/A/CA) Jeffrey Brown

New York Times-bestselling author/illustrator Jeffrey Brown takes readers to a middle school in a galaxy far, far away. Roan's one dream is to leave home and attend Pilot Academy like his older brother, father, and grandfather. But just as Roan is mysteriously denied entrance to Pilot Academy, he is invited to attend Jedi Academy, a school that he didn't apply to and only recruits children when they are just a few years old. That is, until now. This inventive novel follows Roan's first year at Jedi Academy where, under the tutelage of Master Yoda, he learns that he possesses more strength and potential than he could have ever dreamed. Oh, and he learns other important things too — like how to make a baking soda volcano, fence with a lightsaber, slow dance with a girl, and lift boulders with the Force. (STK615251) (C: 0-1-1)

In this original novel set between the events of *Star Wars Episode III: Revenge of the Sith* and *Episode IV: A New Hope*, Obi-Wan Kenobi comes to the aid of the residents of Tatooine during his exile. But he struggles with his new mission when he realizes that protecting Luke Skywalker — the last hope of the galaxy — means setting aside his compassion and his Jedi warrior training, for the future of the galaxy lies not with Obi-Wan Kenobi, but with a mystical desert recluse known only by the name of Crazy Old Ben. DC COMICS DEATHSTROKE NEW 52 ARTFX STATUE

Kotobukiya has created several fantastic ARTFX statues based on DC Comics characters, but there haven't been any from the current "New 52" relaunch... until now. Slade Wilson was a member of the United States Army chosen for advanced training due to his peak physical condition and strength of will. He was also experimented on by the very same government he fought for, and with the enhancements they gave him became a mercenary and assassin. As one of the most dangerous men in the world he goes by the name of DEATHSTROKE!

Appearing in his own comic as part of DC's New 52, the character was re-introduced to the world with an updated costume but the same hardcore attitude and superhuman weapons mastery. Sculpted by Junnosuke Abe, Deathstroke stands nearly 12 inches tall (in the ARTFX 1/6th scale) on a special display base. Slade Wilson is the perfect villain/antihero to add to your collection, and he looks great displayed alongside previous DC ARTFX Statues like Batman Black Costume or future New 52 releases!

STAR WARS

STAR WARS EPISODE 1: OBI-WAN KENOBI STUNT LIGHTSABER REPLICA

In the *Star Wars* films not only do they make multiple copies of the props we see on screen, but different versions as well. These are divided into two categories commonly called "Hero" and "Stunt." Hero props are made for close-ups and promotional pictures. Most of the time when a lightsaber is ignited on screen, it is a stunt version of the hilt. These propss are cast in resin from the hero prop then painted to look just like the hero prop. They are lighter and easier to wield while filming action scenes. In the case of the stunt lightsabers, there is usually a rod attached to the hilt so that the actors can actually duel and make contact with the blades. These rods are also invaluable reference points for the F/X technicians. This stunt lightsaber is a faithful replica of the hero prop used by Ewan McGregor as Obi-Wan Kenobi in *Star Wars Episode I: The Phantom Menace* and comes with a unique lightsaber and plaque stand to display your replica. (STK615244) Scheduled to ship in August 2013. (1859/01124008) (C: 1-1-1) **NOTE:** Available only in the United States, Canada, and U.S. Territories.

During the Clone Wars the Jedi Order deployed the single seat, tapered starfighter of the Galactic Republic in large numbers. A typical feature of the Delta-7B starfighter is the position of the astromech droid just fore of the cockpit instead of next to it. The relatively light armament is explained by the Jedi's confidence is his own skills of conflict avoidance. This extremely light, short starfighter is well protected against bombardment. This Revell model kit features quick snap together assembly with no gluing required. No painting is necessary; multicolor painted parts add to the realism. MARVEL IRON MAN 3 - WAR MACHINE ARTFX STATUE

This summer one of the most popular Marvel superheroes returns to the silver screen with Iron Man 3. Featuring Robert Downey Jr. as Tony Stark, the film also sees the return of his stalwart ally James Rhodes played by Don Cheadle. And like last time when he got to suit up and join the action, "Rhodey" will once again be donning his own armor as the fearsome **WAR MACHINE**! In Iron Man 2 Rhodes joined Stark in battle with a specially designed armor suit that focused on heavy weaponry. In the sequel he utilizes the "Mark II" War Machine armor, just one of several new designs seen in the film. The upgraded suit (which also serves as the basis for the Iron Patriot design) trades in some of the bulk from the previous incarnation for a sleeker, but no less tough, look that's translated into a powerful ARTFX Statue. War Machine is nearly 15 ½ inches tall (1/6th scale) and reaches almost 18 inches mounted on his incredible flying georama base. With pre-painted, snap-fit parts the ARTFX Statue is easy to assemble. Let War Machine guard your collection and display him alongside the other Iron Man 3 statues Mark 42 and Mark VII!

DC COMICS DEATHSTROKE NEW 52 ARTFX STATUE

Kotobukiya has created several fantastic ARTFX Statues based on DC Comics characters, but there haven't been any from the current "New 52" relaunch... until now. Slade Wilson was a member of the United States Army chosen for advanced training due to his peak physical condition and strength of will. He was also experimented on by the very same government he fought for, and with the enhancements they gave him became a mercenary and assassin. As one of the most dangerous men in the world he goes by the name of **DEATHSTROKE**! A powerful addition to the DC ARTFX lineup, Deathstroke is captured in a fierce martial arts stance. The Terminator wears his unique New 52 style armor with a sleek bodysuit, built in boots, a sturdy utility belt, textured mail-like armored torso, and heavy shoulder harness. All of the elements of Deathstroke's armor are expertly sculpted from his spiked boots to his fearsome skull-like helmet and everything in between, while the detailed paint applications show off his traditional blue and yellow color scheme. As an added bonus, Slade's removable faceplate is attached via magnet so you can display him in his fully armored look or unmasked to reveal his scowling countenance and eye-patch! Sculpted by Junnosuke Abe, Deathstroke stands nearly 12 inches tall (in the ARTFX 1/6th scale) on a special display base. Slade Wilson is the perfect villain/antihero to add to your collection, and he looks great displayed alongside previous DC ARTFX Statues.

A vicious alien warlord made even more powerful by a cyborg body, General Grievous appears in full attack mode, advancing forward with his body hunched over and stolen Jedi lightsabers extended at his sides. Famous Cartoonist, **Art Baltazar** is the creative force behind the *New York Times* best-selling, Eisner Award-winning DC Comics series, *Tiny Titans*, co-writer for *Billy Batson and the Magic of SHAZAM!*, *Young Justice*, *Green Lantern Animated* (Comic), and artist/co-writer for the awesome *Tiny Titans/Little Archie* crossover and the new *Superman Family Adventures*! One of the founders of the *Aw Yeah Comics* comic shop, he stays home and draws comics and never has to leave the house! He lives with his lovely wife, Rose, big boy Sonny, little boy Gordon, and little girl Audrey! *Aw Yeah! Livin' the dream!*

Franco is from the great state of New York. He spends most of his time in his Batcave-like studio and emerges occasionally to yell at people and stuff. He is the creator, artist and writer of *Weirdsville* and the co-creator and writer of *Patrick the Wolf Boy* and *Aw Yeah Comics*! He has also worked on titles for DC Comics including, but not limited to, the critically acclaimed *Superman Family Adventures*, *Young Justice*, *Billy Batson and the Magic of SHAZAM!*, *Green Lantern* the animated series, and the *New York Times* best-seller, multi Eisner Award-winning series, *Tiny Titans… Aw Yeah!*

Now, both creators (who are prone to "Aw Yeah" outbursts at any moment) are once again joining forces for Dark Horse, this time lending their talents to this new project starring cult-favorite Hellboy along with his cast of weird supporting characters and foes.

Hellboy and friends are gonna get ITTY BITTY!

Previews: What brought you to Dark Horse and this project?

Art Baltazar/Franco: Uh... HELLBOY! That's the guy that brought us here! It also helps that all the people behind the scenes are super awesome and nice. Are you kidding me?! I remember getting the first issue and thinking how cool this guy was and, all this time later, here we are, and they asked us to get in on the fun! I hate the cliché that this was a no-brainer, but it really was! It's one of those projects you think you'll never get to do but here we are!

P: How much input does creator Mike Mignola have with the project?

AB/F: We send him stuff and he says it looks cool! The fact that he see's stuff that we worked on is just a fan dream...did I mention I'm a big fan?

P: How do you spin such things as demons, nazis, evil cults and such into a kid-friendly product?

AB/F: Kids are very in tune to things. They are smarter than a lot of people give them credit for. You don't need to outline what a group (like Nazi's) are for younger minds but make it an oppositional — like there's these guys, Hellboy, Liz and Abe and then there's those guys!

P: What can we expect in future issues of Itty Bitty Hellboy?

AB/F: Well, walnuts, bananas and eventually pancakes.... Hellboy loves pancakes! It's just a fun book and we're really proud of it!

*P: What would you tell an adult **Hellboy** reader to get them to try out **Itty Bitty Hellboy**?*

AB/F: I wouldn't tell them anything. I'd show them the cover and as they say: A picture is worth a thousand words!

P: What are some of your favorite kid-friendly titles to share with your kids?

AB/F: Besides our books? *Peanuts*, *G-Man* — my son is a bit older so we get *Godzilla* and more super-heroey stuff!
